

Baptist Minister Cured of Consumption

Rev. H. G. Reed, Eminent Divine, and Editor of the Sunday School Lesson, Restored to Health and Strength by Duffy's Pure Malt Whiskey.

"I owe my life to its use. I have lost one daughter by consumption and I believe had she had Duffy's Pure Malt Whiskey she would be alive today."

REV. H. G. REED.

Gentlemen—For several years I have suffered greatly with throat trouble and weak lungs. The doctors said I had consumption. I was able to keep up with my work with great difficulty, but I finally got so bad that I had not strength to deliver an address. A member of my congregation recommended and brought me a bottle of Duffy's Pure Malt Whiskey. I took that one, and later on several more bottles, according to directions, and it has completely cured me.

I am opposed to whiskey as a beverage, but I know that your whiskey, which is sold as a tonic, is a most valuable medicine. I feel that I owe my life to it. I have lost one daughter with consumption, and I believe that had she had Duffy's Pure Malt Whiskey she would have been alive to-day. I trust that I can be of service to others by recommending your great medicine to them before it is too late. Rev. H. G. REED, Baptist Minister and Ed. Sunday School Lesson.

Duffy's Pure Malt Whiskey

Consumption seldom attacks until the system is run down and weakened by sickness, overwork, worry, exposure or inherited tendencies. Duffy's Pure Malt Whiskey is the greatest strengthener and health builder known to medicine. It not only checks the ravages of the disease itself, but replaces the weakened, destroyed tissues; helps the stomach to more perfectly digest and assimilate food in order that more, richer and purer blood will come from it; and regulates and governs the heart's action, so that the circulation will be strong and powerful, carrying health and vigor to every organ and part of the human body.

Duffy's Pure Malt Whiskey is absolutely pure and free from fuel oil—the only whiskey recognized by the Government as a medicine. It has been prescribed by doctors of all schools and sold by reliable druggists and grocers every where for over 50 years. \$1.00 a bottle. Every testimonial is published in good faith and guaranteed. Medical booklet free.

CAUTION—Be sure you get the genuine Duffy's Pure Malt Whiskey, manufactured by Duffy Malt Whiskey Co., Rochester, N. Y., and put up in sealed bottles, with the "Old Chemist" trade-mark on the label. Beware the many substitutes and imitations offered by unscrupulous dealers, because of the extra profit. They not only will not cure, but are positively dangerous.

FIGHTING PERUNA AS AN INTOXICANT

ALABAMA JUDGE HOLDS SALE OF IT IN PROHIBITION COUNTIES TO BE UNLAWFUL.

The Mobile Herald says: Circuit Judge J. T. Lackland, of Monroe, Choctaw and Clarke counties, reached Mobile yesterday enroute to Grove Hill, where he convenes court Monday. Judge Lackland has been quite ill the past two weeks and stopped over to consult a physician.

The judge is instituting a fight against the sale of Peruna in his district, claiming that it is an intoxicant and in violation of the prohibition laws of his district. He has charged the juries that the medicine is an intoxicant, and proposes in this way to prohibit the sale of the remedy by indicting those who persist in selling it after warning. Asked about what action had been taken by the counties of Monroe and Choctaw, Judge Lackland said:

"I have seen men beastly drunk from Peruna and it had reached such a chronic stage that action by the grand juries was necessary. The medicine has been analyzed and found to contain 33 1/2 per cent pure alcohol. Two weeks ago the grand jury of Choctaw county sounded the keynote of warning against the sale of Peruna in that county. The grand jury's report was to the effect that the medicine was an intoxicant and its sale was in violation of the prohibition laws of the county. The jury warned those engaged in the sale of the medicine that if they persisted they would be indicted. No indictments were found by this jury because they were satisfied that those who were handling the medicine believed they were selling a patent medicine. Saturday a week ago the same action was taken by the grand jury of Monroe county. Monday the grand jury will convene in Clark county and the sale of Peruna will be brought to their attention. I will charge the juries in these cases that the medicine is an intoxicant and in violation of the prohibition laws."

LAST DAY'S SESSION GRAND LODGE I. O. O. F.

The Gainesville Sun of Thursday contained the following:

The last day of the session of the Grand Lodge, Independent Order of Odd Fellows, was spent strictly in business, with the exception of the reception which was held at the Dormitory of the East Florida Seminary in the evening, complimentary to the delegates, the Rebekahs and all other members of the order and their families and immediate friends.

The business session of the Grand Lodge was called to order at 10 o'clock Wednesday morning, and the session lasted until noon. At 3 o'clock the meeting was again called to order.

Among the important business transacted during the afternoon session was the selection of the next place for holding the meeting of the Grand Lodge. It was unanimously decided to hold the next meeting at Pensacola.

The Grand Lodge could not complete their work in the afternoon session, and Wednesday night concluded their session. At the conclusion they proceeded to the dormitory of the East Florida Seminary, where they were entertained by the members of the order and their friends.

The Grand Lodge of Odd Fellows have enjoyed a fine and successful session here, which will go down in the history of the order.

THE BEGGAR TRUST.

A Scheme That For a Time Was a Success in New York.

Several years ago a one legged youth named Kempton, who had left a comfortable home to engage deliberately in begging, conceived the idea of organizing a community of interest among panhandlers in the Park row district, in New York. He picked out strategic spots throughout the city and selected a man to beg in each. These men were always particularly well adapted to their posts—a blind man here, a crust thrower there, a maimed youth somewhere else. In order that the beggars might not be molested by the police a lookout was appointed for each, and in order that the syndicate's interests might be conserved Kempton employed roundsmen to observe how faithfully the beggars attended to business and to collect hourly the earnings of each. In case of arrest each member of the band was assured of legal representation, to be paid for out of the earnings of the pool.

The scheme thrived for many months, and at one time there were thirty men in the combination, which became a close corporation of profit and power. There is no knowing to what extent it might have expanded nor how influential it might have become at last had not the nature of the organization given it undue prominence and caused it to fall directly under the ban of the mendicant squad. One by one the members were captured and sent to the island, and in the end the gang was broken up.—Theodore Waters in Every-body's Magazine.

BATTLESHIP MISSOURI RETURNS TO PORT.

The battleship Missouri, which has been on the target range for several days, returned to port yesterday afternoon, and upon entering, the saluting guns of that vessel and the flagship Maine were heard.

The vessel made a very good record in her firing, especially with the large calibre guns, it being stated that she equaled that of the Kentucky, which holds the world's record.

UNITED STATES FLEET WARNED

WILL BE ATTACKED WEDNESDAY BY SHRINERS—TWENTY OFFICERS ARE TO BE INITIATED.

The Jacksonville Metropolis says: Here's a warning to the United States fleet now in Pensacola.

On next Tuesday morning high officers of Morocco Temple, Ancient Arabic Order of the Mystic Shrine, in this city, will leave here for Pensacola to initiate twenty naval officers into the mysteries of the famous order. On their arrival in Pensacola, it is said the Jacksonville contingent will be greeted with a salute of 100 guns, and given a hearty welcome on board the men of war.

The great tragedy of "The Simple Death, or the Shriner's Dream," which attracted so much attention recently in Jacksonville, will be performed in Pensacola on Wednesday night, and the naval officers will be given a touch of high life or what it means to face death on land.

The leading roles in the tragedy will be performed by Thos. G. Hutchinson, illustrious potentate, and Geo. L. Bahl, illustrious director, and the mantles of Dr. Geo. L. Brown, imperia potentate, and Beni W. Rowett, imperial recorder, could not fall on more fitting shoulders in the personation of these characters.

They will be supported by a large number of Jacksonville Shriners gifted with the histrionic art.

List of Officers.
The A. A. O. N. M. S. battleship Ironmonger, of the Clyde Line, is already en route to Pensacola, heavily armed for the attack, and what she won't do to the fleet is a plenty. Gen. Chas. P. Lovell will have command of the land forces.

The official divan consists of the following:

Thomas G. Hutchinson, illustrious potentate; Chas. W. Johnson, M. D., illustrious chief rabban; William S. Ware, illustrious assistant rabban; Douglas F. Conoley, illustrious high priest and prophet; William C. Andrews, illustrious oriental guide; William A. Bours, illustrious treasurer; George L. Bahl, illustrious recorder; Thomas Hilditch, illustrious first ceremonial master; Harry B. Roberts, illustrious second ceremonial master; Joseph L. Earman, illustrious marshal; Byrd G. Tarver, illustrious assistant marshal; George L. Bahl, illustrious director; Clarence S. Hammett, illustrious electrical director; Russell H. Dean, M. D., illustrious funeral director; Frank Elzey, illustrious musical director; James A. Conover, illustrious alchemist; Fred D. Peer, illustrious scribe and poet laureate; Henry H. Buckman, illustrious rhythmic toastmaster; Benjamin M. Reed, illustrious captain of guard; John W. Capper, illustrious outer guard.

Leaving It to the Postman.

Some queer things are done by thoughtless persons who try by descriptions to supply the lack of a definite address for their letters.

One such letter was directed: "To my sister Jean, up the Canongate, down a close, Edinburgh. She has a wooden leg." Jean safely received her brother's communication.

Another queer letter provided no difficulty at all for the postman. It was superscribed, "This is for the young girl that wears spectacles, who minds two babies, 30 Sheriff street, off Prince Edward street, Liverpool."

Another was addressed, "This is for her that makes dresses for ladies that live at tither side of rode to James Brockbill, Edensover, Chesterfield." This, too, was delivered.

The following specimen, however, proved too much for the mail carrier. It could not be delivered: "E. R., a cook as lived tempory with a Mrs. L., or some such name, a shoemaker in Castle street, about No. 20 Hoborn, in 1851."

"She is a Welsh person, about five feet and stoutish, lives in service some ware in London or naborede London," was the superscription of a letter that recently passed through the general postoffice. To pick that short and stoutish Welsh person out of some 7,000,000 people was a task at which the officials threw up their hands. The massive had to go to the dead letter office.—London Weekly.

Her Comprehensive Glance.

Mr. and Mrs. Ferguson were passengers in an elevated train.

It whizzed past a house that was brilliantly lighted.

"I wonder what was going on there," ejaculated Mr. Ferguson.

"It was a wedding," replied his wife.

"Didn't you see them standing before the preacher? He was in a white gown."

The groom was in full evening suit. The bride wore a robe of chiffon cloth, with berths and yoke of duchesse lace on the bodice and lace flounce on the skirt.

She had a full length tulle veil and carried a bouquet of lilies of the valley. Where were your eyes?"

Mr. Ferguson, realizing his utter worthlessness, resumed the reading of his paper and said nothing.—Chicago Tribune.

The Worm Turned.

"Do you shave yourself all the time?" asked the barber.

"No. I stop occasionally for meals," said Jimplan savagely.

Build Up Your System!

Neglect and carelessness are the general causes of all disease.

People never become dangerously sick until after nature has given them many warnings.

The great mistake is not paying attention to these warnings.

When you feel "run down," "used up," "nervous," tired most of the time—it means that something is wrong and nature is warning you.

You need more nerve force to build up your system.

Strengthen your nerves, increase your nerve force and your health will take care of itself.

Science with its unerring methods of research has proved that the various organs and tissues of the body continue in health and perform their work properly as long as their nerve supply retains its vigor and strength.

But if the nerves degenerate or lose power from poor nourishment or any other cause, the entire physiological mechanism of the body is thrown out of gear and we have as a result some "run-down" condition or disease.

The heart, the stomach, the liver, all have their great nerve centres which supply them with the power to work properly. When these nerve centres are weakened these important organs cannot act properly.

"For five years I was in very bad health and the doctors and medicine failed to help me, until I became seriously ill, and then I began using Paine's Celery Compound. I derived great benefit from it at once. I commenced to gain in weight and gained thirty-nine pounds in three months. It gave me great strength and built up my entire system. I have recommended it to some of my friends and it did them a great deal of good."—O. M. Pearson, Seattle, Wash.

Prof. Phelps, of Dartmouth University, was the first physician to enunciate the principle which today is recognized as one of the foundations of the science of medicine,—the great enlightening truth, that the nerve system rules all the body's health.

The nerves must have food to keep up their strength. Their food is not the same food that we usually know.

He sought and found the food that builds up and restores the nerves—his celery formula, which has become famous as Paine's Celery Compound—the celebrated nerve vitalizer and tonic.

Paine's Celery Compound is giving new nerve force to thousands every day by feeding and restoring the nerves to their full strength. It never fails to build up a run down system to full, ruddy health.

Two days' treatment proves its marvelous power. It braces you up. You feel better at once.

Sick headache, palpitation, dizziness, and heartburn are usually relieved by a single dose of Paine's Celery Compound.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.
